

VAEDER SUSPENSION (POWER FEED RECESSED) LED

With a name derived from the verb 'evade', it is clear from the start that Vaeder will run a mile from the merely average. This new fixture feels equally at home in an energy-efficient, ergonomic office environment as in a home office. Its characteristic honeycomb structure in combination with a wafer-thin diffuser reduces glare to a minimum, whilst Vaeder's ground breaking LED lighting results in an energy-efficient and high performing office fixture.
