

MARBUL 2X LED 350MA 0-10V/TRE DIM 1% DI

Marbul feels at home on both the wall and ceiling, which makes it ideal for both residential and hospitality projects. With fully integrated technology, it's a perfect ready-made solution for renovation projects as well. Marbul presents an ingenious design, where the body holds one or two globes, each with its own dedicated LED module. The elegant surface mounted luminaires enable you to direct light with a simple twist of each lamp-unit. Thanks to its streamlined gearhouse the 1, 2 or 3 spheres appear to float against the ceiling. The unique magnetic coverplate keeps screws and wires neatly out of sight.

Art. Nr. US_11501109
